**Quality Learning Time**

Between 8:50am and 10:30am we observe quality learning time.

During this period no interruptions to learning are permitted.

Children will remain in class (NO MIGRATES).

Teachers and students are to be fully organised before, so that all resources are available and visits to the Office are not necessary.

The purpose of quality learning time is to enhance the learning outcomes for all students.

Teachers at our school understand the need to cater to the full range of learning styles, to maximise the potential of multiple intelligences and to ensure the curriculum content meets the learning needs, interests and developmental level of each child. Quality Learning Time is best utilised through a diverse and engaging range of teaching practices.
